

silence
 sound and silence
 freely moving
 from one space
 into another
 mobility
 immobility
 space of time
 space of thoughts
 anything may happen
 now

this particular moment
 freedom to be
 free to play
 now . and then ?
 measure from zero
 the shape
 of things to come
 feel the colour
 beyond sound
 appeal to emotions
 beyond shadows

touch the whiteness
 unlimited aerea
 open space
 open silence
 for once it happens
 feel it
 each now
 for a long time
 being slowly nowhere
 is it loneliness ?
 is it happiness ?
